GUIDELINES FOR PROMOTION/TENURE PORTFOLIO PRESENTATIONS

Achieving tenure and promotion at the University of South Alabama is a multi-step process that begins in the department and ends with the Board of Trustees. University policies pertaining to tenure and promotion are set forth in the latest *Faculty Handbook*:

(<https://www.southalabama.edu/departments/academicaffairs/resources/faculty-handbook-feb-2020.pdf>).

In addition to the policies set forth in the *Faculty Handbook*, MCOB faculty members hired in the 2017-2018 academic year or later are subject to the supplemental guidelines approved in March 2017. Under those supplemental guidelines, to qualify and be able to submit a tenure package, a faculty member must have a minimum of 5 points and 4 intellectual contributions over the six year tenure period based on the Annual Research Component Map copied below.

Meeting the minimum requirement to submit a tenure package does not guarantee the package is sufficient to earn the submitting faculty member tenure. For tenure track faculty who have previous experience at another institution and may have a shortened period for the tenure window, these faculty will negotiate on a case by case basis the minimum number of points and publications accrued at the MCOB in order to be able to submit their tenure and/or promotion package. The supplemental guidelines do not impact the promotion process.

The College does not have any additional requirements for materials that must be submitted. Materials commonly submitted as part of the “portfolio” include a cover letter summarizing the reasons tenure/promotion should be granted and a curriculum vitae. Candidates are free to

include other materials they believe are relevant but the only *required* information is the information found in the Digital Measures T&P report.

Portfolio for External Review for Promotion & Tenure

Candidates will work with their Department Chairs to select external reviewers. Candidates for *both* tenure *and* promotion must prepare a portfolio for external reviewers. The portfolio should be in a format that may be easily reviewed by an external reviewer and must include:

1. A curriculum vitae
2. Copies of publications, presentations, and research activities.
